21 April 1954

OGC Has Reviewed

Memorandum For: Acting Deputy Director (Administration)

Subject : Requested Review of Proposed Notice

25X1A

Reference : Your memorandum dated 6 April 1954

1. In your memorandum, you requested the comments of this office with regard to proposed notice "Airplane Travel Accommodations." 25X1A

2. Legally, we perceive no objection to the proposed notice. There is nothing in the law and regulations applicable to the travel of civilian employees of the United States Government which makes it mandatory that such employees shall either travel first-class or be reimbursed for travel on the basis of first-class fare. Although a different treatment apparently is accorded members of the armed services, their benefits in this respect are preserved to them under Section 6.7(a) of the Confidential Funds Regulations so far as this Agency is concerned.

3. The papers are returned.
